About Nepal

Pokhara

Chitwan

Kathmandu

NATURALLY NEPAL

Problem I tried to solve

```
function carousel() {  
    var i;  
    var x = document.getElementsByClassName("mySlides");  
    for (i = 0; i < x.length; i++) {  
        x[i].style.display = "none";  
    }  
    slideIndex++;  
    if (slideIndex > x.length) {  
        slideIndex = 1  
    }  
    x[slideIndex - 1].style.display = "block";  
    setTimeout(carousel, 4000);  
}
```

```
.main {  
    width: 100%; height: 700px; margin: 0;  
    /*height: auto;*/ overflow: auto;}  
  
.myslides {  
    background-size: 100%; width: 100%; height: 100%;  
    background-repeat: no-repeat;  
    /*background-position: center center;*/  
}  
  
p.slide-content {  
    margin: 0; position: relative; top: 55%; left: 50%;  
    transform: translate(-50%, -50%); font-size: 45px;  
    color: rgb(255, 255, 255);  
    /*border: 1px solid white;*/ text-align: center;  
}
```

Next Steps

- Complete the Site: Add Contact US and About US page
- Contact US: Form (Use Javascript Skills)
- Calendar (DOB), change it into Nepali Date
- Add a new page called What's happening in Nepal?
- Add map
